

The logo for Microsoft Project Server 2010 Proof of Concept. It features a stylized orange and grey network icon on the left. To its right, the word "Microsoft" is in a small font, followed by "Project Server 2010" in a large, bold font, and "Proof of Concept" in a smaller font below it.

Microsoft®  
Project Server 2010  
Proof of Concept

*EPM Partners' EPM Proof of Concept (EPM PoC) offer is a package of services to facilitate the fast implementation of a Microsoft Project Server 2010 prototype, using your own data. EPM PoC will demonstrate how Project Server 2010 could deliver significant business benefits to your organisation.*

*EPM PoC is a fixed-scope, fixed-duration engagement requiring a fixed investment of \$10,500 (ex GST).*

## *Great new and enhanced features for better business productivity and effectiveness*

*Microsoft Project Server 2010 allows the merger of top-down portfolio optimisation and management with bottom-up project management collaboration capabilities in a single product environment.*

### The Deliverables

1. A fully functioning PoC system
2. An evaluation matrix guide
3. A user guide
4. PoC User training

- Enhanced governance through sophisticated workflow and powerful portfolio selection algorithms
- Captures all project information in a central repository
- Select the portfolio of projects that aligns with the business strategy and constraints
- New Capacity Planning Module to assess resource demand versus availability and to identify the gaps
- Adjust project schedules to maximise resource utilisation
- Web-based project plan editing brings the power of MS Project Professional to the browser (Online Project Editing)
- Better time and status reporting and time reporting enhancements
- Single data entry mode to unify timesheet updating and task status editing
- Microsoft Exchange Server integration to stay connected through Outlook
- Business Intelligence Centre to create powerful audience-based reports and dashboards

### Deployment Options

Use your own hardware with beta software
